

DESCRIPTION

CREW CARE Pot & Pan Cleaner is a biobased, sustainable, soft-metal-safe, foaming, heavy duty pot and pan cleaner. It is mild on skin but tough on soils. It is ideal for use in galleys to manually soak and wash pots, pans, woks, dishes, glasses, utensils, etc. Its biobased, sustainable formula is phosphate free and will ensure gray water waste streams do not contain phosphates. Regular use after meals ensures crew's eating utensils are clean and hygienic. It is recommended as part of vessel's food safety plan.

APPLICATION AND USE

Pre-rinse soiled utensils, pots, pans, etc. Depending on soil loads, add 1/2 oz - 1oz (15 mL - 30 mL) per gallon (3.8L) of warm or hot water for washing pots, pans, tableware, utensils, and glasses. For use as a manual cleaner, apply it diluted 250:01 to 125:1. After washing, a potable water rinse is required on food contact surfaces and cookware.

TYPICAL PHYSICAL PROPERTIES

pH	6.5
Appearance	Green, clear liquid gel
Odor	Lavender
Specific Gravity	1.03
Foam generation	Medium

PACKAGING

CREW CARE Pot & Pan Cleaner is part of CREW CARE module, CREW CARE QL-25, PCN 1AB3449.
