

CREW CARE STAINLESS STEEL CLEANER

DESCRIPTION

CREW CARE Stainless Steel Cleaner is a biobased, ready to use stainless steel cleaner. It is VOC compliant and does not negatively impact indoor air quality. It is safe for the environment and the people who use it. It is an excellent stainless steel cleaner and polisher recommended for cleaning and shining the stainless steel found in galleys onboard. Regular use protects surfaces and mitigates grease buildup on stainless steel surfaces, keeping galley clean and hygienic.

APPLICATION AND USE

Use product undiluted. Apply small amount of CREW CARE Stainless Steel Cleaner to a clean, dry cloth. A little product goes a long way. Do not over use. Apply to stainless steel. Wipe surface clean, moving in direction of the grain. Wipe off excess product and buff to shine (moving in the direction of the grain). Use CREW CARE Stainless Steel Cleaner on any stainless steel surface.

TYPICAL PHYSICAL PROPERTIES

Appearance	Clear, yellow liquid
Specific Gravity	0.87
pH	Not Applicable
Odor	Mild

PACKAGING

CREW CARE Stainless Steel Cleaner is part of CREW CARE module, CREW CARE QL-25, PCN 1AB3449.

CREW CARE Stainless Steel Cleaner also has limited availability as a standalone purchase, delivered in a case of 6 x 1 quart (0.95L) containers (PCN 1AB3458).

As part of the CREW CARE Program, the products and containers are color and number coded for ease of use on board ensuring the right product is used for the right application.

Product will solidify below 10°C. If storage conditions drop below 10°C, remove CREW CARE Stainless Steel Cleaner to a warmer area, let liquefy, shake well, and then use.
