

## DESCRIPTION

DREW XP TEST KIT BIO-CLEANER is an organic, environmentally friendly cleaning solution specifically formulated for onboard test kits used in condition monitoring. This biodegradable, non-hazardous cleaner ensures optimal performance and longevity of your onboard test kits without compromising safety crew or environmental sustainability. DREW XP TEST KIT BIO-CLEANER is available in a single, convenient 500-ml spray bottle for quick and thorough cleaning.

DREW XP TEST KIT BIO-CLEANER is water-free and organically produced from vegetal raw materials. The proprietary blend of biodegradable surfactants and solvents used in this product complies with the biodegradability criteria per Regulation (EC) No. 648/2004 on detergents and surfactants which ensures a high degree of protection of the environment and human health.

## TECHNICAL PROPERTIES

Physical appearance	Yellow to amber liquid
Odor	Characteristic, low-odor
Density	878.9 kg/m <sup>3</sup> @20°C
Viscosity	ca. 4.2 mm <sup>2</sup> /s @40°C
Flash Point	ca. 180°C
REACH Annex VIII	Does not meet criteria for persistent, bioaccumulative, and toxic (PBT) substances nor the criterial for very persistent and very bioaccumulative (vPvB) substances

## OPERATING BENEFITS

- Removes dirt, grease, and test residues efficiently to maintain accuracy and reliability of onboard test kits
- Organic-based cleaner is non-hazardous and non-flammable making it safe to use in all environments
- Provides a safer alternative to users and prevents exposure to solvent-based cleaning chemicals
- Rinse-free as it leaves no harmful residues
- Supports sustainability goals with greener test kit cleaning solution

## CLEANUP AND HANDLING

The use of harsh chemicals for cleaning test kit instruments and accessories is not advisable. Use only approved cleaning agents such as DREW XP TEST KIT BIO-CLEANER (PCN 1AB6281) to clean test components and wipe clean using a clean rag. Dispose of the used rag as used oil.

Refer to the DREW XP TEST KIT BIO-CLEANER Safety Data Sheet, available from your Drew Marine representative, for precautions regarding use.

## ORDERING INFORMATION

As a Green Marine Partner, Drew Marine enables environmental program participants to improve their environmental performance in maintaining their onboard condition monitoring equipment by using DREW XP TEST KIT BIO-CLEANER (PCN 1AB6281), which replaces legacy, solvent-based DREW XP TEST KIT CLEANER, 2X500ML (PCN 1AB2738).

Description	PCN
DREW XP TEST KIT BIO-CLEANER	1AB6281
