DREW™ DPA-USB UPGRADE KITS

Drew Marine

DESCRIPTION

DREW DPA Diesel Performance Analyzers provide engine operators with a quick and reliable cylinder pressure measurement for essential engine load balancing. DPA-USB Upgrade Kits are available for vessels with existing DPAs that plan to upgrade their engine room PC and/or operating software.

Before considering an upgrade of the engine room PC and/or operating software, please note that DPA Software v5.10 and earlier versions are not compatible with the latest operating systems on new PCs. Newer PCs no longer have a PCI card slot available for the DPA PCI card. In order to continue to use the existing DPA with a new PC, please select from the applicable DPA-USB Upgrade Kits below.

By upgrading the DPA system and software to DPA-USB version, the DPA will remain compatible with planned PC upgrades for years to come. For additional information regarding the features and benefits of DPA-USB, refer to the DREW DPA IV-USB product data sheet.

ORDERING INFORMATION

Description	PCN
DPA IV-USB UPGRADE KIT	1AB2287
DPA III-USB UPGRADE KIT	1AA2187

PCN	Description	Comments
1AB2287	**DPA IV-USB Upgrade Kit** • 1x DPA IV-USB Junction Box • 1x DPA IV-USB Cable • 1x DPA Software v5.50	**Applicable to DPA IV fixed system only** • Replaces DPA IV Computer Junction Box (PCN 1AA8158) and DPA PCI card (PCN 1AA3107) • Replaces DPA PCI card cable (PCN 1AA2059) • Replaces DPA Software v5.10 (PCN 0124503)
1AA2187	**DPA III-USB Upgrade Kit** • 1x DPA III-USB Junction Box • 1x DPA IV-USB Cable • 1x DPA Software v5.50 • 1x DPA III 25-pin Cable M-M	**Applicable to DPA III fixed system only** • Replaces DPA PCI card (PCN 1AA3107) • Replaces DPA PCI card cable (PCN 1AA2059) • Replaces DPA Software v5.10 (PCN 0124503) • Connects DPA III-USB Junction Box to DPA III Junction Box

FEATURES

- **Prepackaged kit includes all required hardware and software installation CD**

- **Compatibility with latest PCs and operating systems via USB connection**

- **Updated software user interface and added exporting capability**

BENEFITS

- **Easy upgrade**

- **Ensures DPA compatibility with corporate PC upgrades**

- **Spreadsheet export allows connectivity to 3rd party systems**

▶ **Contact your Drew Marine representative for more information**

Drew Marine maintains Safety Data Sheets on all of its products. These documents contain health and safety information for the development of appropriate product handling procedures to protect your employees. Safety Data Sheets should be read and understood by all of your supervisory personnel and employees before using Drew Marine products.
